

Laserfiche Recognizes 45 Resellers for Record-Breaking Sales; MCCi, Municipal Code Corporation Receives President's Award

SAN DIEGO, CA (Laserfiche) Jan. 20, 2009—Laserfiche today announced that it recognized its top selling value-added resellers (VARs), a total of 45 this year, during an awards banquet aboard the Carnival Elation on the waters of Cabo San Lucas, Mexico.

“These resellers had to step it up during tough economic times, and they managed to surpass expectations. We are proud of their hard work and dedication,” said Laserfiche Senior Vice President, Sales and Marketing, Chris Wacker.

Of the 45, four were honored with the President's Club Award for achieving at least \$1 million in Laserfiche products and services sales in 2008. MCCi, a subsidiary of Municipal Code located in Tallahassee, Fla. was presented with the President's Award in recognition of top sales achievement for 2008. MCCi has been a Laserfiche VAR since 1998.

“I thank my team for their hard work, their technical expertise, and their dedication to our customers.” said MCCi President Donny Barstow during his acceptance speech. “The greatest resource to our company is our employees. I would also like to thank Laserfiche staff and President and CEO Nien-Ling Wacker for their strong business ethics and integrity, as well as their outstanding training and support.”

About MCCi

MCCi, a subsidiary of Municipal Code Corporation (the nation's leading codifier for local governments), has provided Electronic Records Management solutions since 1998.

In 1998, Municipal Code Corporation (MCC) created a document imaging division which subsequently evolved into MCCi in the summer of 2003. This allowed MCCi to provide its customers a higher level of service while continuing to offer the stability and credibility of MCC.

Today MCCi's dedicated staff focuses on providing a broad spectrum of products and services such as Document/Records Management, Agenda Automation, Contract Management, and document digitization.

To do so, MCCi chose to partner with Laserfiche who is a leader in their industry. Their experience and expertise aids us in providing our clients with the best Electronic Records Management solutions.

Headquartered in Tallahassee, Florida, MCCi is rapidly growing its existing client base of over 400 government agencies. Our goal is to develop and offer solutions enabling governments to increase efficiency, productivity, and internal organizational structure.
